

Franchise Chains

Franchisors and franchisees rely on Retail Anywhere and our complete POS and retail management system to run retail operations. Whether you have a new concept with a couple locations or an established franchise with several hundred stores, we understand the unique challenges you face and provide the service, functionality and flexibility you need to succeed.

Single Solution

Retail Anywhere's integrated solution provides franchisors broad visibility of overall business results as well as detailed transaction data from each location. Our solution protects an individual franchisee's data by ensuring that it remains secure and inaccessible to others in the franchise community.

Franchisor & Licensor

Increase efficiency at the corporate office with central administration of store-level data and systems. Benefit from consolidated reporting and streamlined management of franchise royalty fees.

Franchisee & Licensee

Store owners and managers benefit from an easy-to-use system with minimal maintenance requirements and flexibility at the point of sale. Our adaptable solution enables franchisees to maintain their unique store level items and pricing, while providing the ability to implement special promotions and product offerings.

With Retail Anywhere, you can:

- Gain real-time visibility of POS transaction details across the chain
- Guarantee accuracy of royalty reporting and fees
- Support single and multi-concept franchise operations
- Launch and track performance of pilot marketing programs before rolling out to other franchise locations
- Standardize store-level technology and processes across the franchise enterprise
- Provide franchisees with access to their own sales, merchandising and inventory information
- Increase sales and customer loyalty with franchise wide gift card support
- Choose from flexible service & support options such as Level 1 support, depot services, hosting services, and training
