

Resale & Consignment

Rely on Retail Anywhere and our complete retail management system to run every aspect of your resale or consignment retail chain. Whether you have a few stores or a large chain, we understand the unique challenges you face and provide the service, functionality and flexibility you need to succeed.

Put Our Experience to Work for You

The resale retail segment requires a specialized solution to operate effectively while competing with traditional retailers. Retail Anywhere understands these needs and helps many resale organizations manage their complex inventory requirements, improve buying and consignor processes, streamline operations, increase their bottom line and grow their business with a complete POS and retail management system.

SaaS (Software as a Service)

If you are a small to mid-size retailer with a limited budget and IT staff, we have a solution model that's just right for you. Our "pay as you go" SaaS offering includes a complete solution with Retail Anywhere POS and Retail Anywhere Enterprise along with professional services, upgrades, maintenance and support—all with a minimal upfront cost and low monthly fees.

With Retail Anywhere, you can:

- Gain real-time visibility across the chain, supplying detailed customer, inventory, sales or store information
- Efficiently track and control your unique inventory of new, resale and consignment items
- Buy the right items at the right price with intuitive buy functionality
- Manage flexible consignment tracking
- Deliver great customer service with extensive CRM functionality such as buying preferences and wish lists
- Analyze and identify customer buying trends and new opportunities with business intelligence tools
- Increase inventory turnover and eliminate slow movers with key performance indicators
- Implement warehouse and distribution management
- Seamlessly integrate with your eBay store
