Retail Anywhere Attains Gold Certified Partner Status in Microsoft Partner Program

Atascadero, CA., November 13, 2006 – Retail Anywhere, a leading provider of point of sale and retail management software solutions for specialty retailers, today announced it attained Microsoft’s Gold Certified Partner status.

Gold Certified Partners represent the highest level of competence and expertise with Microsoft technologies, and have the closest working relationship with Microsoft.

As a software developer, Retail Anywhere leverages Microsoft’s .NET and SQL technologies as the platform for developing and delivering its suite of retail software solutions. Those solutions include POS, Mobile POS, Kiosk, Enterprise and Warehouse, which provide midsize retailers with a complete integrated solution to run their entire retail enterprise.

“We are excited to have attained Gold Level status and look forward to the benefit it brings to us and our customers,” said Branden Jenkins, CEO Retail Anywhere. “This allows Retail Anywhere to work closer with Microsoft ensuring that our customers receive best of breed solutions, delivered on the latest technology platforms, providing outstanding performance at a lower total cost of ownership.”

As a Gold Certified Partner, Retail Anywhere will have access to the resources and support it needs for expanding its technical skills, developing future products, servicing its customers, and increasing its sales and marketing opportunities.
